Re: DFARS Specialty Metals Fastener Self Certification

To Whom It May Concern:

Novaria Fastening Systems certifies that it will purchase, during the relevant calendar year 2018, an amount of domestically melted or produced specialty metals as defined by 10USC 2533b for use in the production of fasteners for sale to all customers that is not less than 50% of the total amount purchased for fastener production. Because of this, we consider the commercial fasteners manufactured by our company to be in compliance with 10USC 2533b(h)(3).

This certification applies to the following facilities:

- ESNA Texas (Fitz) 6625 Iron Horse Blvd., North Richland Hills, TX 76180
- ESNA Arkansas 611 Country Club Road, Pocahontas, AR 72455
- EHL, LLC 13257 Saticoy St., North Hollywood, CA 91605
- John Hassall 609-1 Cantiague Rock Road, Westbury, NY 11590
- Sky Manufacturing 609 Cantiague Rock Road, Westbury, NY 11590
- Space-Lok, Inc. 13306 Halldale Ave., Gardena, CA 90249

Supporting documentation will be made available to appropriate parties upon request, and will be provided within 30 days of receipt.

Sincerely,

A handwritten signature in black ink, appearing to read "Keith Brunell".
