

January 1, 2020

To Whom It May Concern:

Pilgrim Screw Corporation certifies that within the calendar year of 2020 more than 50% of our purchases of “specialty metals,” as defined by DFARS 252.225-7009(a)(12) used for the manufacture of fasteners, are or will be made from domestically melted or produced “specialty metal” in accordance with DFARS 252.225-7009(c)(3). Therefore, we consider the commercial fasteners produced by our company to be in compliance with DFARS 252.225-7009(c)(3), that is, “DFARS Compliant.”

Respectfully,

A handwritten signature in black ink, appearing to read "G. Grove", with a long, sweeping horizontal flourish extending to the right.
