Subject: "Specialty Metals" Certification

To whom it may concern,

LFC Industries certifies that within the calendar year of 2020, more than 50% of our purchases of "specialty metals" as defined by 10 USC 2533b are made from domestically melted "specialty metals". Therefore, we consider the commercial fasteners produced by our company to be in compliance with 10 USC 2533b(h)(3).

Applicable supporting documentation will be made available to appropriate parties upon request within 30 days notice.

Sincerely,

Kenneth Robinson

Director of Quality
