

26841 Tungsten Road

Euclid, OH 44132

February 20, 2010

Kerr Lakeside Inc., a manufacturer of socket head cap screw and special cold headed products certifies that, for the calendar year 2010, commercial goods produced from "specialty metals" as defined by 10 US 2533b in its Euclid, OH facility are compliant with 10 USC 2533b(h)(3) as outlined below.

"Acquisitions of fasteners that are commercial items that are purchased under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted specialty metal, in the required form, for use in the production of fasteners for sale to the Department of Defense and other customers, that is not less than 50% of the total amount of the specialty metal that it will purchase to carry out the production of such fasteners for all customers. [10 USC 2533b(h)(3)]"

Supporting documentation is available upon written request.

Sincerely,

John D. Hollowell
