

TTM Twist Tite Manufacturing Inc.

January 16, 2012

To: Whom it may concern

Subject: "Specialty Metal's" certification

This is to inform you and your organization that Twist Tite Manufacturing certifies that within calendar year 2012 more than 50% of our specialty materials purchases as defined by 10 USC 2533b(h)(3) is and will continue to be made from domestically melted specialty materials.

Therefore, please accept this certification as our notification of compliance with 10 USC 2533b(h)(3) for the commercial fasteners produced by Twist Tite Manufacturing.

Applicable supporting documentation will be made available to appropriate parties upon request with a 30 days notice.

Best regards,

Michael Wright
President
Twist Tite Manufacturing
